A PERSON-CENTRED APPROACH

PASSPORT FUNDING

Person-Centered Planning (PCP) is a value-driven process designed for people to reach their goals and be fully included into their community in ways that are personally meaningful to them. It emphasizes empowerment, striving to support people achieve their vision of a fulfilling life. PCP is individualized by nature, which recognizes and celebrates each person's uniqueness, their gifts and strengths. Ultimately, PCP aims to foster an inclusive lifestyle with ongoing opportunities for personal growth and self-fulfillment.

We will talk about what is working in your life and what you want to see changed.

We will hear from those who care about you.

You will decide on the goals that are most important to you and together we will come up with ideas on how to achieve them.
